

Ambassador Program: **Crew Member**

Work alongside a crew of 10-12 crew members, typically ages 15-20, while completing various conservation, green infrastructure, urban agriculture projects designed to engage young adults in hands-on land stewardship and build an awareness of career opportunities in the water sector.

Projects will include basic and mid-level green infrastructure maintenance, habitat restoration, and invasive species removal. In addition, crew members will participate in education sessions in preparation for multiple industry recognized certifications and basic job readiness and financial literacy.

Program location: **Milwaukee**

Primary Responsibilities (include but are not limited to):

- Follow all C4 policies & procedures as required for the position
- Participate in one overnight camping and hybrid work experience in Eagle River, WI.
- Participate in land management (Invasive species removal, wetland monitoring and native plantings)
- Maintain Green Infrastructure in accordance with crew leader directives
- Participate in team building and personal development activities
- Participate in weekly environmental education exploration activities
- Meet industry professionals within the water and environmental sector
- Serve as spokesperson for land and water stewardship to community members and media

Required Qualifications:

- Be at least 15 years old
- Must have ability to legally work in the US
- Ability to perform manual, physical labor for up to 8 hours per day, exposed to the elements. The employee must occasionally lift and/or move 40 pounds or more
- Possess reading level of at least 6th grade

Desirable Qualifications:

- Experience with **conservation, green infrastructure or gardening work skills** or related skills, i.e. plant identification, farming, water conservation, carpentry and/or landscaping.
- Bi-Lingual in Spanish or Hmong

Compensation:

\$12/hr for 30 hours per week during the summer program + Additional \$100/week for hybrid crew experience
